*To all that is chaotic in you,
let there come silence.
Let there be a calming of the clamoring,
a stilling of the voices
that have laid their claim on you,
that have made their home in you,
that go with you even to the holy places
but will not let you rest,
will not let you hear your life
with wholeness
or feel the grace
that fashioned you.
Let what distracts you cease.
Let what divides you cease.
Let there come an end
to what diminishes
and demeans,
and let depart
all that keeps you in its cage.
Let there be an opening into the quiet
that lies beneath the chaos,
where you find the peace
you did not think possible
and see what shimmers within the storm.*
